

ELSPEC ENERGY EAST AFRICA LTD

COMPANY PROFILE

Who we are

Empowering Kenya with Sustainable Energy Solutions

Elspec Energy East Africa Ltd is your premier partner for comprehensive solar and electrical solutions in Kenya. As a trusted private limited company, we are dedicated to delivering professional services and swift solutions while fostering unwavering trust with our valued customers.

Our team of dynamic staff collaborates seamlessly to drive industry progress through top-notch contracting and installation services. We specialize in a diverse array of projects spanning both industrial, Solar and domestic sectors, ensuring your energy needs are met efficiently and effectively.

Our Offerings

Solar Energy Solutions

Harness the power of the sun with our cutting-edge solar solutions tailored to your specific requirements.

Power Backup Systems

Ensure uninterrupted power supply with our robust backup systems, including UPS and battery backups.

Electrical Power Solutions

From installations to maintenance, count on us for reliable electrical power solutions.

Electrical & Solar Maintenance

Keep your systems running smoothly with our proactive maintenance services.

DC Drives to AC

Seamlessly transition from DC to AC power systems with our expert services.

Industry Solutions

1

Battery Cabinets

2

Metering Boards

3

Distribution & Switch Boards Assembly

4

Industrial Machine Installations & Assembly

5

DOL / Star Delta Starter Assembly & Installations

Sales

Conveniently located along Airways Road in Utawala, our warehouse stocks a diverse range of solar and electrical products. Our dedicated team of technical experts and experienced customer service representatives is committed to processing orders, providing quotes, and addressing inquiries promptly and efficiently.

Our Brands

The EQUALIZER is the world fastest real-time power quality enhancement system.
Our power quality solutions will increase your productivity extend your machinery life time and ensure network stability

MUST INVERTERS they are quality, low cost solar and backup inverters suitable for domestic and office set up solar and back-up solutions

Our Brands

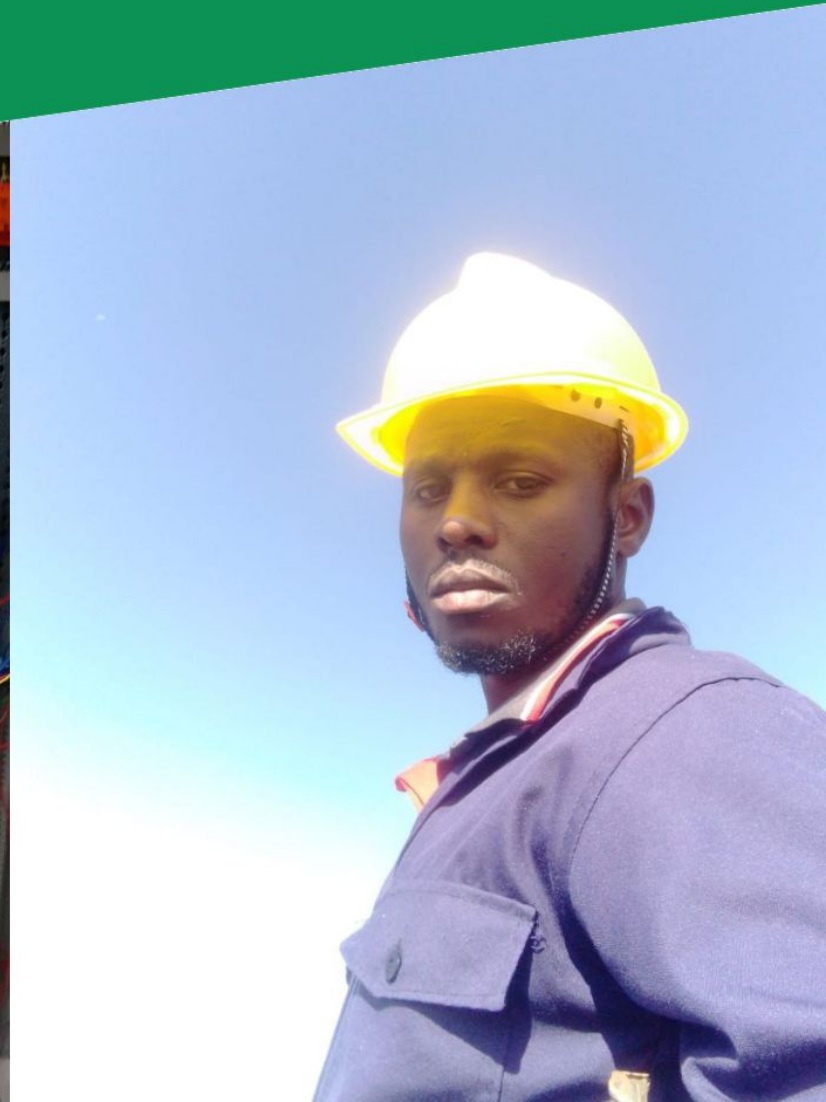

Eastman tall tubular deep cycle battery is rugged brand of deep cycle, lead acid battery with high power density. We are leading suppliers of Eastman, which brings you the best inverter battery for home use. They provide steady performance and at affordable cost.

Tronic is a leading supplier of electrical and LED lighting solutions for residential, commercial and industrial applications throughout the middle east. We supply this product and install in wide ranges switches, sockets, timers, contactors and DOL starters
